FibreGuard

Stain Free Technology

FibreGuard combines the latest Stain Free Technology with high quality and stylish home furnishing fabrics to ensure low maintenance and long lasting look & feel.

How to clean FibreGuard fabrics?

1. Remove any remaining stain residue with a flat utensil.
2. Apply water to the stain and blot using a white paper towel (do not rub in a circular motion). Repeat the process until the stain residue is no longer visible on the paper towel.
3. Apply more water to the area (for stubborn stains, a normal household bar of soap may be necessary) and gently rub with a microfiber cloth. Use circular movements for best results. Repeat the process until completely removed (when using soap, use intermittently).
[See opposite page →]
4. Allow the fabric to dry naturally. Do not apply heat.

Optimal cleaning methods:

	CHENILLE	TEXTURED
Blood		
Coffee		
Ketchup		
Lipstick		
Mud		
Pen		
Red wine		
Sily putty		
Urine		
Vomit		
Wax crayon		

 USE ONLY WATER

 USE SOAP INTERMITTENTLY
