

Lush, magical, vibrant and alluring- the island of Tahiti is known as the “queen of the Pacific”. Renowned painter, Paul Gauguin, was drawn to the French Polynesian paradise in 1891 where he remained until his death. He leaves behind a vast treasure of primitive art, which reflect the colors landscapes and people he lived among in this tropical setting. Tahiti® draws upon these influences with similarly rich earthy colors, warm neutrals and cool, fresh accents.
